CHILE

The background of the entire image is a photograph of a wine cellar. It shows multiple rows of large, round wooden barrels resting on metal racks. The barrels are made of light-colored wood and have dark metal hoops. The perspective is from a low angle, looking down the length of the racks, creating a sense of depth. The lighting is warm and slightly dim, typical of an underground cellar.

Original concept and ideas

A photograph of a group of people seated at long tables in a rustic restaurant. The room has exposed wooden beams and large windows. A man is standing at a bar in the background. The text "Industry" is written in a large, white, serif font, and "working together" is written in a smaller, white, sans-serif font to its right.

Industry working together

Diverse styles and valleys

Innovation in the process

A photograph of a dimly lit restaurant interior. In the background, a wooden bar is lined with numerous wine bottles. Above the bar, three large, white, spherical pendant lights hang from the ceiling. Several patrons are seated at a long wooden table in front of the bar, engaged in conversation and dining. The table is set with various glasses, plates, and bottles. The walls are a textured, light-colored material. In the foreground, a metal railing is visible, suggesting a mezzanine or elevated seating area. The overall atmosphere is warm and intimate.

Creative new enology

Quality is the objective

A man in a dark jacket and trousers is standing on a wooden ladder in a wine cellar. He is reaching up to work on a large wooden barrel. The cellar is filled with rows of similar barrels, some resting on wooden racks and others on the floor. The walls are made of rough-hewn stone, and the ceiling features exposed wooden beams. The lighting is warm and focused on the man and the barrel he is working on.
